

MAXIM PLUSTM

LABEL SYSTEM

Showroom Wash & Wax

Features:

Free Rinsing

High Sudsing

Highly Concentrated

Description

This product is a pink liquid with a pleasant cherry fragrance. Highly concentrated, this product provides rich suds in even very diluted solutions and supplies an excellent lubricity and cleaning action so that it is well-suited for foam brush, pressure wand, or manual applications.

Free rinsing and readily biodegradable, this product has been a popular choice in the automotive maintenance industry since its introduction.

Applications

Cleaning applications including:

- > Foam brush
- > Rubber tires and mats
- > Manual
