Frost Bite Gum Remover

Features:

Freeze Action

Leaves No Residue

Effectively Removes Candle Wax, Putty and Other Gummy Substances

Description

This product freezes gum fast to release the adhesion between the gum and surface. Use this product on tables, chairs, floors, and other impermeable surfaces to easily remove gum without the use of chlorinated solvents.

Directions

- 

1 **Wear safety glasses & gloves**
Usar gafas de seguridad y guantes
- 

2 **Scrape away excess material with scraper**
Raspar el exceso de material con un raspador
- 

3 **Hold snorkel tube 2 in. from surface and spray substance with a 5 - 10 second blast**
Sostenga el tubo de snorkel a 2 pulgadas de la superficie y rocíe la sustancia con una explosión de 5 - 10 segundos
- 

4 **Scrape brittle material away rapidly and repeat if necessary**
Raspe rápidamente el material quebradizo y repítalo si es necesario
