

MAXIM PLUSTM

LABEL SYSTEM

Best Rinse Lo-Temp

Features:

Highly Concentrated

Easily Dispensed

Effective in All Water Conditions

Description

This product is a blue liquid concentrate that is added to the final rinse water in a low temperature dishwashing machine by rinse injector. Formulated for use under a variety of conditions, this product also works well in conjunction with most automatic dispensing equipment.

This product reduces the surface tension of water, so that instead of spotting the water runs off, leaving dishware dry and clean.

Directions

- 

1 Wear safety glasses & gloves
Usar gafas de seguridad y guantes
- 

2 Use only with approved dispenser
Use solamente con el dosificador aprobado
- 

3 Attach to corresponding wash line
