

Stainless Steel Cleaner

Features:

Streak-Free Cleaning

Non-Abrasive

Non-Flammable

“Liquid” Shine

Resists Smudges and Fingerprints

Description

Cleans, polishes, and protects stainless steel without streaking or scratching. Leaves a long-lasting, brilliant “liquid” shine that resists smudges and fingerprints. Environmentally responsible, non-flammable formula contains no petroleum distillates.

Directions

Allow hot surfaces to cool before cleaning.

When using out of doors, avoid releasing into the environment.

Do not use on painted or plastic surfaces.

For cleaning and polishing stainless steel:

- 1 Spray product onto a clean, soft cloth or paper towel.
- 2 Apply to surface and polish.
- 3 Wipe clean with a second clean cloth or paper towel.

Applications

For stainless steel in:

- > Kitchens and restrooms
- > Industrial machinery
- > Automotive
