

# Debrowning Extraction Rinse

## Features:

- Environmentally Responsible Choice**
- Deep Cleaning Action**
- Removes Tannin Stains**

## Description

This mild acid product removes browning and most tannin stains from carpets. Also neutralizes alkaline residues and serves as a complete acid spotter. Controlled wetting rate, low foaming properties and deep cleaning action make it suitable for use in conjunction with steam, extraction or rotary brush carpet cleaning operations. Formulated from environmentally responsible ingredients.

## Directions

*Pre-test an inconspicuous area of carpet to determine colorfastness of the material.*

### Personal protective equipment:

*Use eye and hand protection when using this product.*

### For wide area treatment:

- 1 Use 12 oz. per gallon of water in solution tank.
- 2 Apply with extraction machine. Avoid over-wetting carpet.
- 3 Allow to dry before vacuuming.

### For spot treatment:

- 1 Use 12 oz. per gallon of water.
- 2 Spray problem areas until covered, but do not over-saturate.
- 3 Clean carpets as usual.

## Applications

### For debrowning carpets in:

- > Hotels and motels
- > Hospitals and nursing homes
- > Other carpeted areas
