

Liquid Laundry Detergent

Features:

- Aggressive Surfactant System**
- Leaves Clothes Smelling Clean**
- Free Rinsing**
- Environmentally Responsible Choice**

Description

Natura® Liquid Laundry Detergent is EcoLogo™ Certified to Liquid Laundry Detergent and Fabric Softeners, UL 2776. This product contains concentrated synthetic surfactants to lift and suspend soils. It also works in a number of water conditions and leaves no alkaline residue, eliminating irritation to sensitive skin. This product is designed to work alone or in conjunction with a builder or break allowing flexibility in wash formulas. Contains no nonylphenol ethoxylates, phosphates, EDTA, NTA, or known carcinogens.

Directions

Product is effective in low-temperature wash water. Use higher temperatures for heavier soil loads.

Personal protective equipment:

Use eye and hand protection when using this product.

For top-loading washers:

Use 2 - 4 oz. (0.25 - 0.5 cups) of liquid per 50 pounds of dry fabric.

For front-loading washers:

Use 1 - 2 oz. (0.125 - 0.25 cups) of liquid per 50 pounds of dry fabric.

For pre-treatment:

- 1 Use recommended amount of product for overall laundry load.
- 2 Pour a small portion of recommended amount onto soiled area and rub firmly.
- 3 Allow to penetrate stains about 5 minutes.
- 4 Pour remainder of liquid into wash as normal.

Applications

Liquid laundry detergent for:

- > Schools and institutions
- > Hotels and motels
- > Hospitals and nursing homes
