

Powder Pre-Soak & Destainer

Features:

Environmentally Responsible Choice

Fast acting

Labor Saving

Reduces Rejection Rate

Description

Natura® Powder Pre-Soak & Destainer is an odorless product that softens and loosens tough “stuck-on” soils from china, flatware, utensils, and other dishware and improves efficiency of the dishwashing procedure. Oxygenated formula penetrates organic soils and bleaches food, coffee, and tea stains. May be used prior to machine or hand washing. Contains no nonylphenol ethoxylates, phosphates, EDTA, NTA, or known carcinogens.

Directions

Personal protective equipment:

Use eye and hand protection when using this product.

For pre-soak:

- 1 Use 1 oz. of powder per gallon of warm water (110° - 120°F).
- 2 Let powder dissolve completely before adding items to solution.
- 3 Soak for at least 5 minutes.
- 4 Wash as usual.

Applications

Powdered pre-soak for:

- > Flatware
- > Utensils
- > China
