

Oven & Grill Cleaner

Features:

Environmentally Responsible Choice

Readily Biodegradable Surfactants

Clinging Foam

Pleasant Fragrance

Description

Natura® Oven & Grill Cleaner is formulated with environmentally responsible surfactants and solvents. This product is highly effective, even on carbonized soils. Clinging foam sticks to vertical surfaces. Ready to use. Contains no nonylphenol ethoxylates, phosphates, EDTA, NTA, or known carcinogens.

Directions

Recommended for use on iron, stainless steel, ceramic, and porcelain enamel. Do not use on aluminum and other soft metals.

Personal protective equipment:

Wear chemical resistant gloves and goggles when using this product.

For removing baked-on grease and soils:

- 1 Remove loose encrustations by scraping or brushing.
- 2 Spray product onto soiled surfaces of oven, grills, food cooking, and smoking equipment.
- 3 Allow foam to contact surface for at least 15 minutes or until cleaner has dissolved stubborn soils.
- 4 Wipe off thoroughly.
- 5 Rinse well with potable water.

Applications

Removes carbonized soils from:

- > Iron and stainless steel
- > Ceramic
- > Porcelain enamel
