

Cream Metal Polish

Metal Polish & Cleaner RTU

Crema Pulidora para Metal

INDUSTRIAL CLEANERS

DESCRIPTION

This metal polish effectively cleans, brightens, polishes, and protects fine metals. Quickly removes tarnish, metal oxides, fingerprints, and other soils. Coats metal with a protective seal to enhance and protect the surface. Recommended for use on all hand-cleaned metals including sterling silver, stainless steel, brass, copper, gold, bronze, and other soft metals.

APPLICATIONS

- Use to clean and polish:
- Soft metals
 - Kitchen and bathroom fixtures

FEATURES

- Powerful yet gentle
- Restores natural luster
- Cleans, brightens and protects

DIRECTIONS

This product is ready to use. Do not add water. Always test product in an inconspicuous area before use.

Pour a small amount of polish onto a soft cloth then apply directly to surface. Spread quickly and polish continuously until dry. For most effective results, use two dry, lint-free cloths, one for application and initial cleaning followed by a second clean cloth for final polishing and buffing.
