

Ultra Shine

High Solids Floor Finish

FLOOR CARE

DESCRIPTION

A unique water based emulsion gives a superior wet look gloss with superb detergent resistance, and durability. It is designed for heavy traffic areas on all types of resilient flooring. Prevents discoloration and dirt penetration to stay looking clean longer extending the period between stripping cycles.

APPLICATIONS

Use on low maintenance areas where economical finish is preferred:

- Schools and offices
- Airports and hospitals

FEATURES

- Water Based Emulsion
- Outstanding Gloss
- Easy to Apply

DIRECTIONS

1. Strip floor entirely of old finish using one of our recommended floor strippers.
2. Apply finish using a clean finish mop or applicator. Apply 3-7 coats, depending upon desired appearance and performance. Allow 30-45 minutes for finish to dry between coats.
3. Allow at least 2 hours after final coat dries before burnishing (Note: It is always recommended to wait 24 hours before burnishing, however this product can be burnished 2 hours after product dries).
4. Maintain floor by dust mopping and spot mopping as needed.
5. Auto scrub with our recommended floor cleaner using a red pad before burnishing.
6. Periodically deep scrub with our recommended floor cleaner and a blue pad before recoating.

For use on hard surfaces such as concrete, terrazzo, marble, or granite: It is recommended that two coats of sealer be applied to surface to seal floor properly. Follow with 3-5 coats of finish. Burnish and maintain as normal.

Recommended Burnish Pads:

Americo Combo Lite, ETC Gorilla, Glit Joey Polish, Microtron White Polish, 3M White Polish, Triple S White.
